Mayor Kaysen opened a public hearing for the purpose of receiving public comments on the proposed budget for the City of Cheyenne and Board of Public Utilities (BOPU) for fiscal year 2011. City Treasurer Barb Dorr provided a brief summary on the proposed budget explaining the total appropriation is \$119,528,474.00 of which \$46,260,700.00 comprises the general fund with a total City budget of \$66,648,774.00. The proposed BOPU budget amount is \$52,879,700.00. She reported department heads met the goal of a 12% budget cut from the 2010 budget, and provided other budget information relative to a suspended \$1,000,000.00 BOPU payment and savings from the employee volunteer early retirement offering. Randy Hayes, BOPU Administration Manager, provided a brief summary on the proposed BOPU budget explaining the water fund appropriation is \$43,163,700.00 and the sewer fund budget is \$9,716,000.00. He provided further information on anticipated revenue amounts for each fund, potential grant assistance, and amounts to be funded out of cash. There being no further comments and purpose of the hearing having been met, Mayor Kaysen closed the hearing.

“An Ordinance appropriating moneys for the City of Cheyenne, Wyoming for the various purposes in conducting the municipal government of said city and fixing the amount of general and special taxes as part of the revenue required to meet the said appropriation, all for the fiscal year beginning July 1, 2010, and ending June 30, 2011.” Ed Melko questioned whether proposed sanitation fee increases were included in the ordinance with Barb Dorr, City Treasurer, responding that the FY2011 budget includes a 1% increase and if there were any increases following budget approval, a budget reappropriation could correct the amounts. Reporting for Finance Committee, Mr. Brown moved to approve on third and final reading, seconded by Mr. Pierson. Dr. Rinne moved to amend the ordinance to add funding for a child care assistant position for Parks and Recreation’s Latch Key program in the amount of \$41,877.72 to include benefits, and, in the affiliated revenue line item, to add \$42,000.00 to reflect funding to be received to cover the position expense with the condition that if program revenue generated can not cover position expenses, funding will come out of the Parks and Recreation budget, seconded by Mr. Spiker. Rick Parish, Parks and Recreation Director, explained there are two facilities that have the Latch Key and Summer Rec. Camp programs (Pioneer Park and David R. Romero Youth Activity Center) and stated his belief that enough revenue can be generated through registration fees to cover the position expense. He reviewed registration participation numbers, waiting lists for those interested in registering for the programs, and program benefits to community youth. Upon inquiry, Ms. Dorr and Mr. Parish reviewed program registration fees. Discussion included program benefits and revenue generation, and Parks and Recreation loan repayment schedule affiliated with construction of the Romero Youth Activity Center. Motion to amend carried. Voting “yes” – all members of the governing body present with the exception of Ms. Case voting “no”. Upon inquiry regarding the possibility of filling the position by former employees affected by the reduction in work force, Mr. Parish advised job description criteria must be met with Mayor Kaysen requesting Mr. Parish communicate with the Human Resources Director on the topic. Comments followed on funding included in the budget for the City’s annual membership dues to the Wyoming Association of Municipalities (WAM) and membership services provided. Ms. Ash moved to strike budget funding for the dues in the amount of \$40,485.00, seconded by Dr. Rinne. Discussion followed and included support of WAM membership, City’s representation on the WAM Board, and WAM’s budgetary assistance to its membership by reducing next fiscal year’s dues amount by 10%. Motion failed. Voting “yes” – Ms. Ash and Dr. Rinne. Voting “no” – Mr. Brown, Ms. Broyles, Ms. Case, Mr. Pierson, Mr. Spiker, Mr. Valdez and Mayor Kaysen. Main motion as amended carried. “An Ordinance approving and establishing revised water rates, as recommended by the Board of Public Utilities to be effective January 1, 2011.” Eric Russell questioned the relationship

of proposed fee increases for this ordinance (and following affiliated ordinances on the agenda) with the City's deferred \$1,000,000.00 bond payment to BOPU. Randy Hayes, BOPU, reviewed BOPU's budget preparation time frame and advised the budget as it stands has no relationship to the million dollar deferred payment. Mr. Brown moved to approve on third and final reading, seconded by Mr. Spiker. Discussion included a request to BOPU to review current watering restrictions for possible modification, opposition to proposed rate increases, and determination/justification for proposed fee increases. Upon inquiry, Tim Wilson, BOPU Director, provided information on proposed increases based on analysis and projections, degree of inflation, and additional factors. Motion carried. Voting "yes" – all members of the governing body present with the exception of Ms. Case and Mr. Valdez voting "no". (#3893)

"An Ordinance approving and establishing revised administrative fees, service charges and penalties as recommended by the Board of Public Utilities to be effective January 1, 2011." Eric Russell raised concerns with increases for administrators and raising fees that citizens can't afford. Randy Hayes, BOPU Administration Manager, explained administrative fees include such items as late charges on past due accounts, NSF (non-sufficient funds) fees and other misc. fees affiliated with cost of services provided, and stated the increase is not related to wages. Mr. Brown moved to approve on third and final reading, seconded by Ms. Broyles. Comment followed on the fee amount pertaining to production of electronic maps with Tim Wilson, BOPU Director, advising the cost for some of the electronic areas may be set by the intra-governmental GIS cooperative and that he would check on this for fee consistency. Motion failed. Voting "yes" – Mr. Brown, Ms. Broyles and Mayor Kaysen. Voting "no" – Ms. Ash, Ms. Case, Mr. Pierson, Dr. Rinne, Mr. Spiker and Mr. Valdez.

"An Ordinance approving and establishing revised septic waste dump rates and commercial waste rates recommended by the Board of Public Utilities to be effective January 1, 2011." Mr. Brown moved to approve on third and final reading, seconded by Mr. Pierson. Motion carried. "An Ordinance amending Ordinance No. 3881 defining the Terms and Conditions of employment for uniformed employees of the Cheyenne Police Department." Mr. Brown moved to

approve on second reading, seconded by Mr. Pierson. Dr. Rinne moved to amend by striking the word *leadership* following the words “city council” in Section 8 regarding furlough days, seconded by Ms. Ash. It was noted if the amendment is approved, the section would then read as follows: *The mayor, after consulting with city council, shall have discretionary authority to declare furlough days, if necessary, due to budget constraints.* Discussion included comments in support and non-support of the amendment, past discussions on purpose of the current wording, communication concerns, Council members’ opportunity to provide input to the mayor, and whether “consulting” means a meeting would be required. It was noted that similar wording was included in the previous ordinance approved on 2nd reading relative to non-uniformed employees. Upon inquiry, City Attorney Dan White clarified if the amendment was approved no formal meeting may be required, and that the mayor would have the duty to consult with City Council members but that the ultimate decision would be the mayor’s. Motion to amend carried. Voting “yes” – all members of the governing body present with the exception of Mr. Brown, Mr. Pierson and Mayor Kaysen voting “no”. Main motion as amended carried. Voting “yes” – all members of the governing body present.

“An Ordinance amending the City of Cheyenne’s Sanitation fee schedule.” Eric Russell read a statement expressing concerns with the proposed increases, the recycling program, affiliated sanitation costs, and fiscal responsibility, and Ed Melko commented on concerns with fees, costs of hauling waste to Ault, CO, life of current landfill and development status of a new landfill, current economic situation and recycling limitation on accepted materials. Mr. Brown moved to approve on second reading, seconded by Mr. Pierson. Mr. Brown moved to amend to reduce the fee for 95 gal. residential recycling containers to \$5.00 and 60 gal. residential recycling containers to \$3.00, seconded by Dr. Rinne. Comment followed on the purpose of the amendment. Motion to amend carried. Voting “yes” – all members of the governing body present. Discussion included Sanitation revenue offsetting expenses for city departments; factors involving potential establishment of a sanitation enterprise fund; recycling program; hauling waste to Ault in an effort to extend the life of the landfill; Sanitation fee revenues, and fiscal responsibility. Upon inquiry, Barb Dorr, City Treasurer, clarified next fiscal year’s budget for Sanitation fees was increased by 1% overall. Mr. Spiker moved to amend by reducing the proposed 3.4% increase to 1%, seconded by Mr. Valdez. Upon inquiry, Ms. Dorr clarified any excess funds received over the budgeted 1% increase could go into the general fund reserves or be reappropriated. She advised in the past year, revenues did not come in as anticipated, resulting in a reappropriation. Upon inquiry, Jim Elias, Public Works Director, explained the process utilized for reviewing fee structures with Consumer Price Index numbers, and clarified those areas within the proposed schedule that were unrelated to the 3.4% increase, specifically referencing Manual Collection Waste, Yard Waste Collection (95 gal. container) and Transfer Station fees. Ms. Dorr advised during the budget preparation process not all individual fee areas were increased across the board. Mr. Elias noted the proposed 3.4% increase for certain areas was based on the Consumer Price Index as required by the current ordinance. Mr. Spiker revised his motion to amend to reflect the areas previously noted by Mr. Elias, as being unrelated to the proposed 3.4% increase, would remain unchanged as presented and not be included in the proposed amendment. Mr. Valdez, as second to the motion to amend, concurred with the revision. Motion to amend as revised failed. Voting “yes” – Ms. Ash, Mr. Spiker and Mr. Valdez. Voting “no” – Mr. Brown, Ms. Broyles, Ms. Case, Mr. Pierson, Dr. Rinne and Mayor Kaysen.
