

**RECORD OF PROCEEDINGS FOR THE GOVERNING BODY
OF THE CITY OF CHEYENNE
Office of City Clerk**

November 14, 2011

The Governing Body of the City of Cheyenne met in regular session on this date beginning at 6:00 p.m. in Council Chambers. Present were: MAYOR: Richard L. Kaysen; COUNCIL MEMBERS - Mr. Allen, Ms. Ash, Mr. Brown, Ms. Broyles, Mr. Collins, Mr. Pierson, Dr. Rinne and Mr. Spiker. Absent: Mr. Valdez. Also present: Carol Intlekofer, City Clerk; Barb Dorr, City Treasurer, and Dan White, City Attorney. The pledge of allegiance was recited.

Consent Agenda. (All agenda items listed with the designation of [CA] are considered to be routine items by the governing body and will be enacted by one motion. There will be no separate discussion on these items unless a member of the governing body so requests and support by two other members is received. Any item removed from the Consent Agenda will be considered in its normal sequence on the agenda.) Mayor Kaysen noted a correction to consent agenda item #23 (Resolution involving proposed sale of real property near Windmill Road and Dell Range Blvd. to Menard, Inc.), stating the item would be referred to Finance Committee instead of Public Services Committee. Mr. Brown moved to approve Consent Agenda items, seconded by Mr. Collins. Motion carried. Voting "yes"-- all members of the governing body present.

[CA] Minutes from Regular Meeting of the Governing Body on October 24, 2011. Motion (per Consent Agenda) carried.

Mr. Brown declared a conflict of interest (business interest) due to a voucher payable to Ameri-Tech HVAC Services, and vacated Council Chambers. Mr. Spiker moved to approve payment of vouchers as presented, seconded by Mr. Pierson. Upon inquiry, Police Chief Brian Kozak provided information regarding vouchers payable to Intoximeters (\$685.95), individual mouth pieces for portable breathalyzer tests, and DLR Group (\$1,800), Police building energy analysis study. Upon inquiry, Robin Feezer, Recreation Coordinator, Ice and Events Center, provided information relative to a voucher payable to Belfor Property Restoration (\$11,696.51), painting of the front lobby area of the Ice and Events Center with payment from 5th penny funds, and the Center's current revenue vs. expenditure budget status. Motion carried. Voting "yes" -- all members of the governing body present in Council Chambers. Following announcement of the vote, Mr. Brown returned to Council Chambers.

Mayor Kaysen opened a public hearing to receive comments and input for gathering information on possible projects for the inclusion on the 1% Specific Purpose Sales Tax election ballot, which has been scheduled for August 21, 2012. Mayor Kaysen advised another public hearing before the governing body will be held at the Nov. 28th City Council meeting, and a public meeting, hosted by City Council, will be held on Dec. 1st. He provided information on the public input process being utilized to determine proposed projects; referenced proposed project(s) information available on the City's website, and reviewed guidelines that would be in place for those wishing to provide comments during the public hearing, which included a 5 minute time limitation

per speaker. Ms. Ash requested procedural clarification regarding rules of debate, pursuant to Roberts Rules of Order, and whether the time frame for speakers could be limited without an affirmative vote of the governing body. Following a 10 minute recess to allow City Attorney Dan White an opportunity to review Roberts Rules of Order, Mayor Kaysen reconvened the meeting at 6:26 p.m. Mr. White advised the rules (i.e. Roberts Rules of Order) governing debate involve a motion on the floor before the governing body, and that a public hearing, conducted for the purpose of obtaining information and comment, does not constitute debate by Council members involving a motion. He further advised attendees/speakers are not considered members of the governing body and reasonable (speaker) time limits could be imposed. Jack Quirk questioned whether a menu-style election ballot would be utilized and whether a total ballot projects dollar amount had been set; commented on proposed City and County projects and past elections, and suggested timely visitation with the County to determine a total ballot dollar amount. Mayor Kaysen advised, with regard to a menu-style ballot, that the structure of the ballot question is not controlled by the governing body. John Sundahl, President, Cheyenne Downtown Development Authority, spoke in support of the 17th Street Pedestrian Lighting and Beautification project (\$1,960,000.00), and provided information on elements that would be included in the downtown project area on 17th Street between Pioneer and Warren Avenues. Matt Pope, former Chair of Citizens Recreation Center Committee, spoke in support of a Recreation Center facility as a proposed project (\$30,000,000.00), noting the proposed project would be a “scaled down” version from 2008 plans, and discussed amenities that were proposed for the building with the capacity for future expansion to add component areas. Todd Feezer, Assistant Director, Parks & Recreation Dept., confirmed an amount of 10% in funding for operations and maintenance is included in the proposal, similar to the 2008 proposal. Wendy Madsen, Friends of Botanic Gardens Foundation, spoke in support of a project expanding the Botanic Gardens Conservatory for \$14,000,000.00 with an additional \$2,000,000.00 for operations and maintenance, advising construction would begin in 2013, provided information on the need to upgrade the facility. Darren Rudloff, President, Visit Cheyenne (convention and visitors bureau), commented on the importance of tourism relative to the community’s tax base and spoke in favor of the Wayfinding Sign project (\$400,000.00-\$500,000.00), stating the signage will direct residents and visitors to places within the City. Tim Rumpf, representative of the Cheyenne Police Protective Association, spoke in support of the Public Safety Administration Building project, noting design and structural deficiencies in the current Police Dept. building, and stated facility options may also include space for Fire administration offices and/or a new fire station. Mike Stanfield, Executive Director, Cheyenne Housing Authority, requested the City consider a new stand-alone senior center for inclusion as a project (\$7,500,000.00) and provided information on the proposed new center which would replace the current one-level area located downtown within the Burke high rise building that provides meals and an activity center for seniors. Erich Bochmann, Gymnastics Coordinator, Parks & Recreation Dept., spoke in support of a building project to replace the Neighborhood Facility where the City’s gymnastics program is currently conducted, and provided information on the disrepair of the current facility and lack of space to accommodate the growth in gymnastic program participation. Upon inquiry, Rick Parish, Director, Parks and Recreation Dept., provided information on the estimated \$800,000.00 project relative to discussions with the school district, which may be interested in acquiring the current facility, and potential new locations for housing the gymnastics program, which might include adding on to a new recreation facility at a later date. Upon inquiry, Mr. Pope advised the dollar amount arrived at for the proposed new rec center was to provide for a core facility that would be scaleable to add other future components. During

the public hearing, Ann Margaret Burns also spoke in support of the need for replacing the Neighborhood Facility building, due to gymnastics program growth and competitive activities and deficiencies in the current building, as well as support for a new recreation center to meet youth/senior needs with a gymnastics area included. Jack Palma spoke in support of the lower Capitol Basin Flood Control project to alleviate significant downtown area drainage and flooding problems and noted use of grant funds toward the project. Upon inquiry, Doug Vetter, City Engineer, stated the updated estimated project cost is \$4,800,000.00 to construct 3 of 4 phases; that past ballot election attempts to form a storm water utility have been defeated, and that moving forward with the project would provide multiple benefits in addressing water control issues. Dr. Stephanie Erlich also spoke in support of the Capitol Basin Floor Control project, stating the primary importance of the project is for public safety with additional benefits of providing historic preservation and revitalization of the west side of the City and downtown area. During the public hearing, Adrian Perry also spoke in support of the downtown area drainage and flood control project, noting the project could help with revitalization opportunities and would leverage grant funding. John Volk spoke in support of the Christiansen Road Overpass project (\$10,000,000.00) to improve that portion of the transportation network due to growth in eastern Cheyenne, noting that 6th penny funding is the only funding source available and that, potentially, industrial development funds, as requested to the state through Laramie County, might also be available. Upon inquiry regarding the status of project plans, Mr. Vetter advised a conceptual planning study analysis has been done but there are no construction plans in place, and stated design for the project is on the 5th penny project list but is not funded. Upon inquiry, Vicki Nemecek, Assistant Director, Public Works Dept., stated approximately \$1.5 million was allotted on the last 5th penny list (construction design plans) for the project but it is not a funded item due to reduced sales tax collection levels. Wendy Volk, real estate agent, also spoke in support of the Christiansen Overpass project and provided information on the number of employees and truckers commuting in the eastern part of Cheyenne and problems with GPS (global positioning system) devices diverting travelers/truckers off the highway onto private property, noting this has resulted in a quality of life issue involving one particular property owner in the area. Throughout speakers' presentations and comments, members of the governing body posed questions to speakers and City staff on various projects presented, and Mayor Kaysen advised any additional information on projects being requested for consideration could be submitted to members of the governing body. He noted a website, a cooperative effort between the City, Laramie County and the Towns of Albin, Burns and Pine Bluffs, is being developed for placement on the Laramie County government's website to provide information on projects and to receive additional comments. Mayor Kaysen closed the public hearing and reminded those in attendance that there will be another public hearing to receive input and comments on proposed projects on Nov. 28, 2011 at 6:00 p.m. as well as a public meeting, hosted by City Council members, on Dec. 1, 2011, both to be held in City Council Chambers.

Mayor Kaysen opened a public hearing to receive comments and input to determine whether compliance of annexation conditions required by Wyo. Stat. §15-1-402 exist for a parcel of land being situated in a portion of the NE1/4 of Section 1, T.13.N., R.67W. of the 6th P.M., Laramie County, Wyoming (generally located north of and adjacent to West Lincolnway and east of and adjacent to the BNSF Railroad). Brandon Cammarata, Planning and Development office, reviewed requirements and compliance of conditions contained in Wyo. Stat. §15-1-402, including specific information indicating compliance with Wyo. Stat. §15-1-402(a)(i) through (vi). Upon inquiry, Mr.

Cammaratta advised this is a voluntary annexation (petition) request by the property owner. There being no further comments or input and purpose of the hearing having been met, Mayor Kaysen closed the public hearing.

Mayor Kaysen opened a public hearing to receive comments on the proposed sale of real property owned by the City of Cheyenne, described generally as Lot 2, Block 1, Cahill Park Addition (located at the southeast corner of Windmill Road and Dell Range Boulevard) to Menard, Inc. which would generate economic development benefits for the City of Cheyenne pursuant to Wyo. Stat. §15-1-112 (b). Estimated proposal value is \$7.2 million. Frank Cole spoke in opposition to selling park land for commercial business purposes, and commented on why he did not view the proposed commercial use as providing economic development benefits and whether proposed drawings for the building had been submitted. Dr. Stephanie Ehrlich spoke in support of the property sale to Menard. Scott Nuttelman, Menard representative, spoke in support of the proposed sale, commenting on the value the Menard store can bring to the community and noting that Menard has not had any serious consideration of any other site within the community. He provided a brief history of how Menard learned about the possible availability of the property site and subsequent conversations with City staff, and discussed the City's RFP (request for proposals) that was issued; the proposed purchase price and infrastructure elements Menard's will be providing to the area; anticipated staffing levels; the possibility of a future distribution center facility in Cheyenne that would serve the region, and benefits of the project, including additional commercial businesses that could be located on "out lots" on the property. Upon inquiry, Mr. Nuttelman advised design plans have been submitted to City staff and Matt Ashby, Planning Services Director, provided information relative to agenda item #17 (Resolution affirming that use of proceeds from any sale of the land would be used for Parks and Recreation purposes) which should resolve past title concerns involving assertion of a property interest by Laramie County. Mr. Ashby stated information pertaining to supporting documentation, including the proposed purchase and sale agreement and development agreement, is included with the agenda packet for the resolution (agenda item #23) that will be reviewed by Finance Committee, and confirmed building and site design standards are being worked on and would be subject to the "big box" standards for large commercial developments. Pursuant to inquiry by City Council members, Mr. Ashby; Rick Parish, Director, Parks and Recreation Dept.; Mayor Kaysen and Police Chief Brian Kozak provided information on economic development value of the property; the original intent in disposing of the property with sales proceeds to benefit other park lands in the City, and assessment of the site as an option for a new public safety administration building, in conjunction with that project potentially being included in the next 6th penny ballot question, respectively. Butch Heimsoth questioned the time frame the property was open to bid by interested parties and the estimated proposed value and improvements that would benefit the City as the result of the sale, and expressed concern with the site being possibly considered for a joint safety administration building. Spencer Straub commented on the current volume of traffic in the area and concern with additional traffic congestion from commercial development, and greenway path usage in the vicinity. Upon inquiry regarding the process for disposing of City owned property, Dan White, City Attorney, advised Wyo. Statute §15-1-112(b) permits the sale of a particular property to one purchaser for the purposes of promoting economic development, and reviewed past use restrictions on the property and efforts to have the restrictions eased; platting and zoning changes; Council's approval to negotiate with Menards, and factors encompassing economic development. He indicated if the property were not sold, it could be used for any City purpose, and

explained reasons why the proposed sale to Menard was placed back on the Council agenda subsequent to previous action, including an expression of interest from Menard in pursuing acquisition of the property as there had been no vote on the actual merits of their proposal to purchase. Mayor Kaysen advised that since the previous action, clarity on the title issue involving Laramie County had also been received. Upon inquiry, Mr. Ashby provided information on the RFP time frame in which proposals of interest could be submitted, and clarified there is no requirement by state statute to conduct an RFP process. There being no further comments or input and purpose of the hearing having been met, Mayor Kaysen closed the public hearing.

Mayor Kaysen opened a public hearing to receive comments and input for a restaurant liquor license application filed with the City Clerk's Office for The Peak Cafe II, LLC d/b/a The Peaks Cafe II at the Airport, 300 E. 8th Avenue, Cheyenne, Wyoming. Rosalie Iverson, co-partner/owner of The Peaks Cafe, advised other partners were also in attendance at the meeting and were available to answer any questions. There being no comments or input and purpose of the hearing having been met, Mayor Kaysen closed the public hearing and referred the item to Finance Committee.

Ordinance amending certain Chapters and Sections of Title 17, Zoning, of the Cheyenne City Code by Repealing and Re-enacting Section 17.80.080, Signs, of Chapter 17.80, P Public District. Reporting for Public Services Committee, Ms. Ash moved to approve on third and final reading, seconded by Ms. Broyles. Ms. Ash moved to amend Table 1 under the column for "Distance from right-of-way (ROW)" by replacing 5 or less (feet) and 5 to 10 (feet) with NA, seconded by Ms. Broyles. It was clarified that NA meant Not Available. Discussion included the following topics: Other public signs that may be affected by the amendment; potential request for similar changes involving commercially zoned areas, and site distance factors, including restricted setback distances in the downtown area and placement of signs too far back to be effective for visibility. During discussion Matt Ashby, Planning Services Director, provided information on zoning districts, commenting that each individual zone district has its own tailored sign regulations and that typically the ROW is from the back of a sidewalk but varies throughout the community, and discussed current requirements vs. the proposed amendment within the P Public district. Motion to amend failed. Voting "yes" -- Dr. Rinne. Voting "no" -- Mr. Allen, Ms. Ash, Mr. Brown, Ms. Broyles, Mr. Collins, Mr. Pierson, Mr. Spiker and Mayor Kaysen. Comment followed on message display time limits as amended at the previous meeting. Mr. Allen moved to amend Section 17.80.080 B. 5. b. to instead read "Message displays shall change a maximum of once an hour", seconded by Mr. Pierson. Mr. Ashby clarified the previous amendment approved at the last City Council meeting was that message displays shall remain fixed for a minimum of every 8 seconds. Dru Rohla, Executive Director, Cheyenne Civic Center, advised the proposed amendment wouldn't provide an effective advertising time frame for shows as he could be advertising up to 12 shows at a time, and explained the current 30 year old sign marquee has become a safety issue for staff and is labor intensive to manually change the message board. Frank Cole commented that the proposed amendment may affect other signs in a "P" zoned area, and discussed message display time frames and driver distraction, and potential effect of an ordinance change relative to signs in the private sector. Motion to amend failed. Voting "yes" -- Mr. Allen. Voting "no" -- Ms. Ash, Mr. Brown, Ms. Broyles, Mr. Collins, Mr. Pierson, Dr. Rinne, Mr. Spiker and Mayor Kaysen. Main motion carried. Voting "yes" -- all members of the governing body present. (#3936)

Ordinance annexing to the City of Cheyenne, Wyoming, a parcel of land being situated at 5618 Townsend Place and described as the North 170 feet of Tract 6, Briney Tracts, Laramie County, Wyoming (generally located at the southwest corner of Townsend Place and east Carlson Street) -- referred to Public Services Committee (sponsor - Mr. Collins).

Ordinance amending an existing PUD Ordinance, "Appendix #1" of the Cheyenne and Laramie County Zoning Ordinance 1988, for Block 5, Mountview Park, and that portion of the vacated right-of-way of East 19th Street as vacated under Ordinance No. 2001, Cheyenne, Wyoming (located at the southeast corner of the intersection of East Pershing Boulevard and Converse Avenue) ("Cole Shopping Center") -- referred to Public Services Committee (sponsor - Mr. Collins).

Ordinance amending Title 17, Zoning, Chapter 17.08, Zoning Districts Established and Section 17.08.040 Cheyenne City Map of the Cheyenne City Code, by changing the zoning classification from MR-1 Medium Density Residential – Established District to MUB Mixed Use with Business Emphasis District for Lots 5, 6 and the west 44-feet of Lot 7, Block 110, Original City, Cheyenne, Wyoming (located at the northeast corner of the intersection of Warren Avenue and E. 25th Street) -- referred to Public Services Committee (sponsor - Mr. Collins).

Ordinance amending Title 17, Zoning, Chapter 17.08, Zoning Districts Established and Section 17.08.040 Cheyenne City Map of the Cheyenne City Code, by changing the zoning classification from LR-2 Low Density Residential – Developing District to NB Neighborhood Business District for Lot 6, Block Three, and Lot 6, Block Four, Sundance Ridge II, Cheyenne, Wyoming (located north of Storey Boulevard, on either side of Sycamore Road) -- referred to Public Services Committee (sponsor - Mr. Collins).

[CA] Resolution approving Outside User Water/Sewer Services, by User's Agreement, with Swan Ranch Properties, LLC, Lot 4, Block 1, Swan Ranch Rail Park, 3rd Filing, Laramie County, Wyoming. Motion (per Consent Agenda) carried. (#5324)

[CA] Resolution approving Outside User Water/Sewer Services, by User's Agreement, with TMH Wyoming Properties, LLC, Lot 3, Block 1, Swan Ranch Rail Park, 1st Filing, Laramie County, Wyoming. Motion (per Consent Agenda) carried. (#5325)

[CA] Resolution approving Outside User Water/Sewer Services, by User's Agreement, with Knife River Corporation - Northwest, Lot 2, Block 1, Swan Ranch Rail Park, 1st Filing, Laramie County, Wyoming. Motion (per Consent Agenda) carried. (#5326)
