BOPU RESOLUTION NO. 2013- 03

ENTITLED: "A RESOLUTION ADOPTING REVISED WATER RATES TO BE CHARGED TO USERS OF THE CHEYENNE WATER SYSTEM."

WHEREAS, the Board of Public Utilities (Board) is authorized by State Statute and City Code to set rates, fees and penalties for water and sanitary sewer services furnished to customers; and

- (a) Pay for the operation and maintenance of the water system, including salaries, wages and benefits, and the cost of all materials and supplies necessary for repairs, replacements and upgrades to the system;
- (b) Pay interest charges and principal payments on all outstanding water loans and bonds as they are due;
- (c) Cover all miscellaneous expenses;
- (d) Cover all usual extensions and enlargements, together with a reasonable allowance for emergency and unforeseen expenses; and
- (e) Provide and maintain a depreciation fund for the water department;

WHEREAS, the Board has determined that an increase in the water rates is necessary to ensure adequate revenue is generated in order to pay for costs associated with those services rendered;

WHEREAS, the Governing Body of the City of Cheyenne, pursuant to Ordinance 3893, adopted June 14, 2010, requires that prior to the beginning of each fiscal year, the Board will calculate new water rates, service charges, penalties and miscellaneous charges based on the Bureau of Labor Statistics, Consumer Price Index, All Urban Consumers, Water and Sewer Maintenance and the Wyoming Cost Living Index – Southeast Region and prepare a new Water rate schedule; and

WHEREAS, the Bureau of Labor Statistics, Consumer Price Index, All Urban Consumers, Water and Sewer Maintenance for the calendar year 2012 was 6.7% and the Wyoming Cost Living Index – Southeast Region for the fourth quarter of 2012 was 3.4%.

NOW THEREFORE BE IT RESOLVED that the water rate schedule will be adjusted by the Wyoming Cost Living Index – Southeast Region for the fourth quarter of 2012 of 3.4%.

BE IT FURTHER RESOLVED that the following Water Rate Schedule is adopted by the Board, and that it be presented in the form of an ordinance to the Governing Body of the City of Cheyenne for approval, to become effective on consumption and bills issued on or after the dates noted below on the water rate schedule:

BOPU RESOLUTION NO. 2013 - 05

ENTITLED: "A RESOLUTION APPROVING REVISED TAP FEES, WATER AND SEWER SYSTEM DEVELOPMENT FEES, PUMP STATION AND RELATED FEES SET BY THE BOARD OF PUBLIC UTILITIES."

WHEREAS, the Board of Public Utilities ("BOARD") has exclusive authority to manage, operate, maintain and control the Cheyenne Municipal Waterworks, Sanitary Sewage System and Water Reclamation Facilities of the City and to make all rules and regulations necessary for the safe, economical and efficient operation and maintenance of the above facilities; and

WHEREAS, the Board has determined that an increase in the fees is necessary to pay for costs associated with: the new connectors share of systems; water and sewer development; water and sewer debt service; over-sizing certain water and sewer mains; and the expansion to the water and sewer systems; and

WHEREAS, the BOARD desires to set the fees to secure an income sufficient to:

- (a) Pay for costs associated with the tap installations;
- (b) Recover costs and to reduce debt associated with water and sewer development and expansion for new connectors to the City's water and sewer system;
- (c) Pay for costs associated with the water and sewer over-sizing and extensions; and

WHEREAS, the Governing Body of the City of Cheyenne, pursuant to Ordinance 3895, adopted June 14, 2010, requires that prior to the beginning of each fiscal year, the Board will calculate new tap fees, system development fees, pump station fees, and other related fees based on the Bureau of Labor Statistics, Consumer Price Index, All Urban Consumers, Water and Sewer Maintenance and the Wyoming Cost of Living Index – Southeast Region and prepare new tap fees, system development fees, pump station fees and other related fee schedules; and

WHEREAS, the Bureau of Labor Statistics, Consumer Price Index, All Urban Consumers, Water and Sewer Maintenance for the calendar year 2012 was 6.7% and the Wyoming Cost of Living Index – Southeast Region for the fourth quarter of 2012 was 3.4%.

NOW THEREFORE BE IT RESOLVED that the Tap Fees, System Development Fees, Pump Station Development and Related Fee rate schedule will be adjusted by the Wyoming Cost Living Index – Southeast Region for the fourth quarter of 2012 of 3.4%.

BE IT FURTHER RESOLVED that the following Schedule of Tap Fees, System Development Fees, Pump Station Development and Related Fees is adopted by the BOARD, and that it shall be presented in the form of an ordinance to the Governing Body of the City of Cheyenne for approval, and upon approval will become effective on the dates indicated below:

Penalty for Taking Water Without Tap Permit	540.00	540.00
Penalty for Irrigating Without a Water Meter	540.00	540.00

BE IT FURTHER RESOLVED that:

1. The applicant/contractor/developer shall pay all fees due prior to the issuance of a tap permit, except for system development fees which may be paid at either the time of issuance of a tap permit or prior to the issuance of a building permit. The fees due shall be the amount of the fee in effect at the time payment is received.
2. Under no circumstance will the City of Cheyenne be allowed to issue a building permit prior to the payment of all fees due the Board, including system development fees. The applicant for a city building permit will be required to furnish proof to the City that all required fees have been paid to the BOARD, including the system development fees.
3. The applicant for the tap permit shall remain liable to the BOARD for payment of all system development fees, without regard to subsequent assumption of payment responsibility by another party.
4. In no event shall water service be provided to the property before all fees, including system development fees, are paid in full.
5. If no building permit is required, then the applicant/contractor/developer shall pay all fees, including system development fees, before the issuance of a tap permit.

For All Taps:**The applicant/contractor/developer shall be responsible for:**

1. Submitting a plumbing plan identifying service from the water main to the meter, prior to commencement of work. This plan will be submitted in duplicate for BOARD approval. The BOARD will retain one plan and one will be returned to the applicant.
2. Proper street cuts, excavation, trench boxes, OSHA approved safety setups, backfill, base course, compaction plus asphalt and concrete replacement and other construction costs. (Note: BOARD employees will not access areas that do not fully comply with OSHA approved safety standards. If complications arise during the tapping process and BOARD personnel are required to assist or re-inspect, the applicant will be billed for the additional expenses incurred.)
3. Installation of wiring for a remote readout meter.
4. Notifying the BOARD prior to any lawn irrigation. (The water tap fee does not include water for irrigation of lawns.)
5. Paying for all irrigation water.
6. Paying a penalty as described in the Schedule of Related Fees for failure to comply with any of the requirements contained in this Resolution.

For Water Taps ¾", 1" 1½" and 2":**The applicant/contractor/developer shall be responsible for:**

7. Providing all materials, labor and equipment necessary for the installation of the tap. Material includes but are not limited to, the corporation, tapping saddle and if required the insulator coupling.
8. The proper installation of all material. These items must be installed at the address and location and in the manner specified on the plan and permit. If the corporation and coupling are not properly installed or not in accordance with permit designation, then the applicant will be responsible for immediate removal and/or repair. (See Board of Public Utilities construction standards.)

For Water Taps 2" and larger:**The applicant/contractor/developer shall be responsible for:**

9. The installation of a 5' manhole meter pit, with ring and lid.

For Water Taps larger than 3":**The applicant/contractor/developer shall be responsible for:**

10. All excavation and back filling

The water tap fee for ¾ inch, 1 inch, 1½, and 2 inch water taps includes administrative fees (inspection fee, account fee, construction water fee and cost of installing the ARB remote meter readout).

The water tap fee for water taps larger than 2 inch includes the cost of material (tapping sleeve, tapping saddle, tapping valve, corporation stop, insulator coupling, valve box, valve box extension, one cubic yard concrete thrust block), labor and equipment to install the material, and the administrative fees (inspection fee, account fee, construction water fee and cost of installing the ARB remote meter readout).

The sewer tap fee includes the engineering fee for inspection and the sewer account fee.

System Development Fees:

Taps for fire lines and main line extensions are exempt from system development fees.

Taps to the wastewater effluent system and/or the recycle water system are assessed system development fees based upon the water system development fee schedules

Water Pump Station Development Fee:

For water taps issued within the designated Pump Station Water Service Area, the BOARD will collect the Water Pump Station Development Fee according to the fee schedule.

For taps to the wastewater and/or the recycle water systems within the designated Pump Station Service Area for those systems, the BOARD will collect a Water Pump Station Development Fee according to the fee schedule. The tap applicant, in lieu of having to enlarge the pump station

capacity, will pay this fee.

The applicant must pay the fee at the time the tap permit is issued. (See attached map for Northwest Cheyenne water service areas.) Funds collected will be used to construct or enlarge a pump station in the Northwest Cheyenne water service area.

The Pump Station Development Fee will also be paid for undeveloped lands and lots currently annexed to the City of Cheyenne that have a restriction by the BOARD that the water pump station capacity must be enlarged. The tap applicant, in lieu of having to enlarge the pump station capacity, will pay this fee.

The following lands and lots located inside the Pump Station Service Water Area are exempt from the pump station development fee:

1. Lands and lots already annexed to the City of Cheyenne with no pump station capacity enlargement restrictions by the BOARD.
2. Lands and lots currently annexed or not annexed to the City of Cheyenne with a restriction by the BOARD stating that the pump station capacity must be enlarged by the owner and the pump station capacity has been enlarged to the BOARD's satisfaction.

For taps to the wastewater and/or the recycle water systems that are served by a Pump Station, the BOARD will collect a Water Pump Station Development Fee according to the fee schedule. The tap applicant, in lieu of having to enlarge the pump station capacity, will pay this fee.

BE IT FURTHER RESOLVED that all taps and service connections within the boundaries of Warren Air Force Base will be charged the established in-city rates.

BE IT FURTHER RESOLVED that all taps and service connections outside the City limits will be charged 1.5 times for all the above fees, charges and penalties.

BE IT FURTHER RESOLVED that the Board is authorized to negotiate contracts with water and sewer system users, based upon the above rates for taps, system development fees, pump station fees and other related fees and that any revision of the above rates shall be subject to Governing Body review, modification and approval.

BE IT FURTHER RESOLVED that the foregoing fees, charges and penalties established by the BOARD be submitted to the City Council for approval and filing as provided by the Code of the City of Cheyenne.

BOPU RESOLUTION NO. 2013- 07

ENTITLED: "A RESOLUTION ADOPTING REVISIONS TO THE SEPTIC WASTE DUMP AND COMMERCIAL WASTE RATES TO BE CHARGED TO USERS OF THE CHEYENNE WATER AND SEWER SYSTEM."

WHEREAS, the Board of Public Utilities (Board) is authorized by State Statute and City Code to set rates, fees and penalties for water and sanitary sewer services furnished to customers; and

- (a) Pay for the operation and maintenance of the sanitary sewer system, including salaries, wages and benefits, and the cost of all materials and supplies necessary for repairs, replacements and upgrades to the system;
- (b) Pay interest charges and principal payments on all outstanding sewer loans and bonds as they are due;
- (c) Cover all miscellaneous expenses;
- (d) Cover all usual extensions and enlargements, together with a reasonable allowance for emergency and unforeseen expenses; and
- (e) Provide and maintain a depreciation fund for the sewer department;

WHEREAS, the Board has determined that an increase in the Septic Waste Dump and Commercial Waste rates are necessary to ensure adequate revenue is generated in order to pay for costs associated with those services rendered;

WHEREAS, the Governing Body of the City of Cheyenne, pursuant to Ordinance 3896, adopted June 14, 2010, requires that prior to the beginning of each fiscal year, the Board will calculate new septic waste dump rates and commercial waste rates based on the Bureau of Labor Statistics, Consumer Price Index, All Urban Consumers, Water and Sewer Maintenance and the Wyoming Cost Living Index – Southeast Region and prepare a new septic waste dump rates and commercial waste rates schedule; and

WHEREAS, the Bureau of Labor Statistics, Consumer Price Index, All Urban Consumers, Water and Sewer Maintenance for the calendar year 2012 was 6.7% and the Wyoming Cost of Living Index – Southeast Region for the fourth quarter of 2012 was 3.4%.

NOW THEREFORE BE IT RESOLVED that the septic waste dump and commercial waste rate schedule will be adjusted by the Wyoming Cost of Living Index – Southeast Region for the fourth quarter of 2012 of 3.4%.

BE IT FURTHER RESOLVED that the following Rate Schedule for septic waste dump and commercial waste is adopted by the Board, and that it be presented in the form of an ordinance to the Governing Body of the City of Cheyenne for approval, and will become effective on statements rendered, tickets purchased, and on septic and commercial waste delivered on or after January 1, 2014:
