

**RESOLUTION NO. \_\_\_\_\_**

**ENTITLED: “A RESOLUTION ADOPTING THE 8<sup>TH</sup> AVENUE CORRIDOR PLAN”**

**WHEREAS**, Eighth Avenue is situated between Lion’s Park, Frontier Park, the Avenues and Moore Haven Heights neighborhoods; and

**WHEREAS**, the intersection of 8th Avenue and Carey Avenue is a skewed intersection; functions as both a park access road and a bypass route for commuters traveling between downtown and the north end of Cheyenne; and creates both operational and safety concerns for vehicles, cyclists and pedestrians; and

**WHEREAS**, traffic from the neighborhood ranges from 500 vehicles a day on the western end to 2,500 near Central Avenue. During Frontier Days and major event days at Lion’s Park, traffic can be as high as 10,000 vehicles a day or more; and

**WHEREAS**, in 2010, representatives of the neighborhood submitted a request to the Cheyenne Metropolitan Planning Organization (MPO) through the City’s Neighborhood Traffic Management Program (NTMP) to review conditions on 8th Avenue and develop a set of improvements that would enhance vehicle operations and improve pedestrian safety both along and across the corridor; and

**WHEREAS**, the MPO initiated the *8th Avenue Corridor Plan* in 2011 to develop recommendations for the aforementioned problems and to create a vision for 8th Avenue; and

**WHEREAS**, The plan has been a collaborative effort involving the general public, corridor stakeholders, the Wyoming Department of Transportation, Federal Highway Administration, and the City of Cheyenne; and

**WHEREAS**, the Cheyenne MPO retained Felsburg, Holt and Ullevig on November 28, 2011 to produce the *8<sup>th</sup> Avenue Corridor Plan*; and

**WHEREAS**, the *8th Avenue Corridor Plan* recommends infrastructure improvements that are intended to enhance pedestrian and bicycle safety along the corridor; provide safer areas to cross the roadway; revise the roadway laneage to meet the everyday and event loading needs of the corridor; and improve the 8th Avenue/Carey Avenue intersection to provide a safer and more efficient intersection for vehicle, pedestrian and bicycle traffic; and

**WHEREAS**, the City of Cheyenne Planning Commission held a Public Meeting on May 6, 2013, accepted public comments, and recommended that the Governing Body of the City of Cheyenne approve the *8<sup>th</sup> Avenue Corridor Plan*; and

**WHEREAS**, the Cheyenne MPO Citizen’s Advisory and Technical Committee reviewed the Plan and recommended adoption; and

**WHEREAS**, the 8<sup>th</sup> Avenue Corridor Plan will be used for prioritization of future transportation projects in the City.

**NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF CHEYENNE, WYOMING:**

**THAT**, the 8<sup>th</sup> Avenue Corridor Plan dated May 2013, prepared by Felsburg, Holt and Ullevig, is hereby approved as a guide for future improvements to the corridor.

**PRESENTED, READ AND ADOPTED THIS \_\_\_\_ DAY OF \_\_\_\_\_, 2013.**
